

Certification in Control Self-Assessment CPE Report

In order to encourage understanding of and compliance with The IIA's Standards, CCSAs are required to stay abreast of The IIA's Standards as part of their CPE. CCSAs must review or receive training on The IIA's Standards at some point during their CPE reporting period. If you are completing your CPE reporting form and have not already met this requirement, please take a moment to review the Standards before submitting your form. While there, we also encourage you to review the Practice Advisories and other sections of The IIA's Professional Practices Framework.
