7 February 2011

Dear Members

One Day Workshop

Assessing the Adequacy of Risk Management Using ISO 31000

11 March 2011 by Mr Uantchern Loh

Description

Many organizations are moving to adopt consistent and holistic approaches to risk management. It is also recognized that risk management is a key process that should be fully integrated with the management of the organization. Effective risk management depends of several key criteria, one of which is whether there is a suitable framework.

The IIA has just released a new practice guide entitled "Assessing the Adequacy of Risk Management Using ISO 31000." This document provides guidance on how to measure the effectiveness of risk management in an organization using ISO 31000 as the framework.

The instructor will discuss the key aspects of the practice guide. He will also provide practical guidance on how to use the guide effectively. This one day workshop will provide participants with insights as to how the COSO, COSO ERM and ISO 31000 frameworks inter-relate to create the foundation for effective enterprise risk management.

Who Should Attend

Governance, risk management, compliance and internal audit professionals who are interested in achieving risk management excellence should attend this workshop.

About the Instructor

Uantchern Loh

FIIA, CIA, CFSA, CCSA, CISA, CISM, CFE, CPA, CA, MHA, B. Acc

Uantchern is the President of the Institute of Internal Auditors Singapore. He has been serving the IIA in various capacities since 1995. Uantchern is also on the International Relations Committee of the Institute of Internal Auditors (International). Uantchern is currently a senior partner with Deloitte and has 23 years of consulting experience, which include helping clients establish enterprise risk management frameworks, improve business processes & corporate governance, and implementing risk management systems. Uantchern has a keen interest in helping organizations use social networking effectively. He is also an advocate on cyber wellness for school children and conducts Internet safety talks for parents.
