Dear Members,

Oracle Data Base

Half-Day course on 8 February 2007
by Winnie Ang

About the course

The course will cover the basic Oracle terminology, database structure, objects and parameters to allow the auditor to gain an understanding before beginning an Oracle audit. It will also cover a typical Oracle audit program, explaining the audit strategy and audit steps involved. Some basic SQL (Structured Query Language) commands will also be taught for auditors who would like to learn how to write a query script to extract the relevant audit data.

About the Trainer

Ms Winnie Ang, is currently working as an Assistant Manager in KPMG. She has past experience conducting audits on Oracle databases. She was a former Systems and Database Administrator with more than 10 years' experience in the IT industry and has technical experience setting up and configuring Oracle databases. She is also serving her third term as Governor on the Board for IIA Singapore.
